Notes

- 1 A billing cycle runs from the fourth-last business day of the month to the fifth-last business day of the following month. Your statement will show the fees for all the transactions that you have made in the previous billing cycle. In other words, you are billed one month in arrears.
- 2 These fees apply at all stores where cash at a tillpoint is offered, for example Shoprite, Pick n Pay and Score.
- 3 This fee applies to all transactions done through a foreign merchant and is calculated at 2% of the transaction value. For example, if you swipe your card overseas for R500, the fee will be R10.
- 4 We will send you 1 free statement per billing cycle for current accounts. Statements for savings accounts are available on request at a fee.
- 5 We can send payment notifications to third parties, but we will charge a fee for each notification that we send.
- 6 Includes the following free subscriptions: Nedbank Online Banking and Cellphone Banking.
- 7 Depositing cash at any Nedbank Intelligent Depositor ATMs is 50% of the cash deposit fee (minimum of R0,96 per R100 or part thereof). We will charge you 100% of the quoted fee if your deposit fee is less than R0,96 per R100 or part thereof.
- 8 The fees for Business Bundle Current Account transactions performed in a billing cycle are included in the monthly maintenance fee if the transactions form part of the group of eligible transactions and are within the transaction limit.
- 9 According to the agreed NetBank Business profile pricing structure, we will charge for third-party EFTs performed through the NetBank Business channel. But we will apply a rebate to the Business Bundle Account for the unused in-bundle transactions, as specified under note 8. We will process the rebate transaction on the first day of the next billing cycle. You will be eligible for a rebate only if you have done the third-party EFTs from your Business Bundle Account through the NetBank Business channel. We limit the number of related transactions to the number of unused in-bundle transactions or third-party EFTs performed in a particular billing cycle, whichever number is lower.
- 10 The difference between the actual number of eligible transactions performed in a month and the maximum number offered (limit) in the bundle (ie unused in-bundle transactions) cannot be transferred to the next month.
- 11 Out-of-the bundle transactions, ie transactions that exceed the maximum number (limit) of transactions offered in the Business Bundle Account, will attract out-of-bundle fees, as specified in the pricing schedule.
- 12 We can change the applicable product fees if the Business Bundle Current Account is closed, upgraded or converted to another business account.
- 13 For detailed credit card transaction fees, see the schedule of credit card fees.
- 14 This includes card and contactless payments.
