Apply for a POS device via Money app in under 5 minutes and access self-service features when you bank with Nedbank.

Day-to-day banking

Cash and global trade solutions

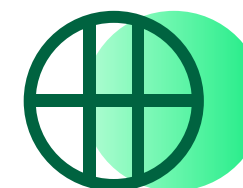

Cash-handling services

Deposit cash using our Intelligent Depositor devices available at most branches. Our cash centre services and on-site cash devices are ideal for high-volume cash businesses.

Make and receive international payments

Nedbank offers a simple, convenient and secure way to make and receive money to and from overseas for business and personal transactions on the Money app and Online Banking.

Global trade solutions

Conduct trade flow and mitigate the operational and financial risks associated with cross-border payments. Sign up on our global trade platform to manage regular trade payments and exchange rates. Our team of global experts are here to assist you for your more complex requirements.

Investments to suit your business requirements

Make your surplus cash in your business work as hard as you do by using our broad range of investment solutions. You can easily open, fund and manage your investments from the Money app or Online Banking.

We also offer specialist investment solutions for legal practices and businesses required to hold funds on behalf of their clients.

Investment solution to manage surplus cash in your business

Savings, notice and fixed deposits

Invest surplus cash in your business to optimise your return while meeting your working capital and liquidity requirements.

Pick from our broader range of retail deposits with varying terms and notice periods. Enjoy preferential rates on our platinum range of investments – exclusive to Small Business Services and Private Clients.

Available for existing clients through Online Banking or the Money app.

Tailored investment solutions

Invest with Nedgroup Investments in a broad range of local and off-shore unit trusts or open a stockbroking account for your business to trade.

For comprehensive financial advice your relationship banker will introduce you to one of our business financial advisors.

For larger investment amounts you can access our direct dealing treasury desk.

Specialised investment solutions for legal practices and businesses holding funds on behalf of their clients

NedTrust

Benefit from an interest-bearing current and investment accounts specifically designed for legal practices to comply with the Legal Practice Act, 28 of 2014.

Key features and benefits

- Credit interest is paid monthly on a section 86(2) account. Nedbank can perform the calculation and reconciliation of interest and charges on behalf of the attorney and pay the net interest automatically to the Legal Practitioners Fidelity Fund.
- On a section 86(4) account, 5% of the interest earned on the account is automatically paid to the fund.

Corporate Saver

Corporate Saver is our funds administration system, specifically designed for business clients who manage third-party funds.

The system is widely used by attorneys, estate agents and financial intermediaries to efficiently and profitably administer estate, trust and transitional funds, as well as individual investment deposits for their clients.

Flexible finance for your business

Boost your cash flow and free up working capital

Cash flow is the lifeblood of every business. As your financial partner, we can improve your cash flow cycle, unlock additional cash flow or offer facilities to cater for unforeseen events.

We will help you select the best financial solution, from traditional overdrafts and credit card facilities to innovative products. We offer products such as invoice discounting (which can unlock up to 80% of your debtors book).

Expand your business

Buying more vehicles? Expanding your operations? Moving to bigger premises? Let us finance your vehicles, equipment and owner-occupied property on flexible terms and rates. Explore term loans, buyouts or other specialist solutions.

For more complex financial needs, talk to us about our specialist finance solutions.

GAP Access

Get an advance with no interest charges and with flexible repayment terms.

As a POS user, you can get a cash advance with flexible repayment terms. You can qualify for between R30 000 and R1,5 million, depending on the turnover through your POS device. Repayments occur daily and are paid back as an agreed percentage of your card POS transactions over six or nine months.

Industry expertise with tailored offerings

We have specialists with in-depth knowledge to understand your unique challenges.

Agriculture

Whether your business is in horticulture, fieldcrops, livestock, or a secondary agri-related business, we look at providing solutions to unlock growth opportunities and help you meet the challenges in the agriculture sector. We can help you with:

- banking solutions;
- finance options;
- investments;
- insurance and more.

Contact us: industry@nedbank.co.za.

Franchising

Nedbank Franchising provides you with a bigger-picture business partner who understands your business ambitions. Our unique approach enables us to deliver, through a single contact point, an integrated franchising solution centred on three fundamental principles:

- localised decision-making with national support;
- access to specialised expertise; and
- customisation of funding and banking solutions.

Contact us: industry@nedbank.co.za.

Medical-practice banking

Whether you are starting a practice or investing in new premises or equipment, we have a wealth of industry solutions to support you, such as:

- financing of specialist medical equipment;
- a medical-practice account that can be used to manage the daily transactional needs of your practice, such as receiving medical-aid payments;
- point-of-sale devices at tailored rates; and
- investment or insurance options to meet the needs of your practice.

Contact us: medical@nedbank.co.za.

Insurance and risk management solutions

Whether you own a small, medium, or large business, our dedicated risk advisors can tailor an insurance solution for your needs and risk requirements.

These solutions will be provided by our selected business partners.

Banking and Beyond services

Your guide to business essentials

As your banking partner, we want to help you understand and handle the complexities of starting and running a business. So, we have developed a guide to help you do this.

The Essential Guide for Small-business Owners touches on some of the fundamental decisions every business owner faces. This will help you to be better prepared for your engagements with the bank and avoid common mistakes when setting up your business.

Business registration services

To register a company with up to three owners (SA citizens) we recommend using the CIPC online BizPortal service.

For help with more complex registrations, other registration-related services or hands-on support, we can put you in touch with SwiftReg, a third-party service provider. Speak to one of our Small Business Services bankers.

[Visit BizPortal](#)

In addition to the traditional banking solutions, Nedbank also offers practical tools to support you on your business journey.

MoneyTracker

Want to see where your money is going? Track your finances, set budgets, create and manage invoices, and more with MoneyTracker – a free money management tool available on the Money app and Online Banking.

Accounting partners

With Nedbank's direct feeds, small-business clients can get on with doing what they're really passionate about – running their business. Direct feeds allow small businesses and their accountants to import transactions automatically and directly from their Nedbank accounts to their accounting software.

You do not need third parties to enable data flows, so there are no delays setting up or refreshing data, giving you complete control. This will significantly reduce the time you spend importing your bank data manually.

Currently available to Xero clients only.
